

OPERATING EXPERIENCE WEEKLY SUMMARY

October 22, 1999

From: Tom Rollow 
Director
EH Office of Operating Experience Analysis, EH-33

To: OEWS Distribution

NO OEWS ISSUE THIS WEEK OR NEXT!

OEWS GOES ALL ELECTRONIC WITH ISSUE 99-44, NOVEMBER 4th. WE NEED YOUR EMAIL ADDRESS!

We are making changes to our processes for producing and distributing the OEWS to reduce costs and improve service to our customers. For the next 2 weeks, the OEWS will be shut down while we implement changes. Please bear with us. We will resume publishing with Issue 99-44.

This is the last hard copy distribution of the OEWS that you will receive. Although we have been offering both hard copy and electronic distribution, budget constraints have dictated a phase out of hard copy distribution. We apologize for the abruptness of this announcement. Note that the electronic OEWS is available several days prior to the hard copy distribution. To avoid an interruption in service, you will need to avail yourself of one or more of the following:

- View and download the OEWS in html or pdf format directly at <http://www.tis.eh.doe.gov/oeaf/1l.html>. As is the case with all EH publications, you can also access the OEWS via the EH Portal web site at <http://www.tis.eh.doe.gov/portal/>.
- Receive an email notifying you the instant the OEWS is posted on the web.
- If you do not have access to the web, we will work with you on alternatives.

See the next page for the distribution request form.

Office of Nuclear and Facility Safety

October 15 through 28, 1999

Summary 99-42/99-43

Name: _____

Title: _____

Company: _____

Address: _____

E-mail address (required): _____

Telephone Number: _____ Today's Date: _____

Comments: _____

To more effectively utilize the OE Weekly Summary as an information-sharing tool, EH encourages operating experience input from all DOE facilities. Examples of the type of information that could be used in the Weekly Summary include:

- Additional information on events previously reported in the Weekly Summary. This could be correction, relevant information omitted in the Weekly Summary discussion of the event or issue, or new information generated by follow-up activities that could be of interest to other facilities.
- Information on significant events, issues, or lessons learned not previously discussed in the Weekly Summary, but that could be of interest to other facilities.

If you would like to contribute information to the Weekly Summary, please contact Jim Snell at (301) 903-4094 (phone) (301) 903-2329 (fax), or via Internet at jim.snell@eh.doe.gov.
